Loved the energy and passion! They saved the best for last. Thank you for your work.

This session was in the top 3 that I attended this week. Truly information, inspirational, and engaging. Very well done Dr. Sawyer - petitioning here for you to present for a longer slot next year!

It was nice for someone to pay attention to the cocaine epidemic and the racist approaches to it. Dr. Holly was a great speaker and I would love to see her present again.

I enjoyed Dr. Holly's presentation about Topamax and identifying the biases in the addiction field. I also enjoyed her passion and dedication in her work.
